On the 2nd of Decr I bought my Dog – Granby – of Mr Brown of Grimston for 3 guineas – on this day he was a year & 6 Months old –

On the 3rd of Decr I halter'd my colt foal [illegible] he being then 7 Months & 6 Days old –

On the 16th of Decr I bought my young pointer bitch Kate for 5/ of a person called Norfolk he said she was then 6 Months old –

The above bitch (Kate) I afterwards lost when she was under the care of J. Wilson she was of the rough breed & appeared very likely to turn out very capital

The beginning of March I had my Dog kennel removed from the wharf house yard to our yard in Pickle yard —

13th. of May — To day I brought my Pointer Puppy Colla home it was pupp'd on the 6th. of April — I named him Colla from the Hero, in the Play of Pizzarro — The following are his marks — in order that if he should ever be lost I might be able to describe him —

York July 4. 1800.

On Tuesday July 8th 1800 I fetched my young pointer pup from Marston – he was then either 6 or 7 weeks old – & the following are his marks – he is spotted all over legs, tail & body with innumerable red brick spots on a dirty white ground in the centre of his forehead is a star of the purest white both ears are of a fine rich brown but one is more than the other the brown extending as far as the eye – down the top of his back a broad

cream coloured line extends as far as the tail — the tail & legs, are something lighter than the body & not quite so much spotted — he happened a misfortune 9th Inst. I am afraid he will never quite recover — a cart wheel went over his fore leg — & crushed the sinews & moreover wrenched his shoulder 9th Inst. he walks lame — I named him Spot from his colour

---

July 23rd. This day poor Spot died in a Fit how it was occasioned I am at a loss to know, I had him stinked to see if he was hurt by any body, but all was quite sound. also in the inside. He was well & dead in half an hour. He was the most beautifull dog I ever had. & of a capital breed.
